

TMS Tardy Plan

Being on time to class is very important.

In order to be on time, students should be in their classroom in their seat when the bell rings.

Most often the first five minutes of class are the most crucial for students. Also, late students distract other students and disturb the overall atmosphere of the classroom upon their arrival. We are trying to support students in building good habits for their future.

Tardies will be monitored daily to support students in maximizing their learning.

Students have 4 minutes to get from class to class. If students are tardy to class frequently, disciplinary action will be taken. Rewards are also given to students with no tardies. **Administrators will track frequent tardies and notify students and parents when it becomes excessive.**

Consequences for Tardies By Period

1st - 4th	Teacher Discretion
5th	1 Lunch Detentions & Parent Notification
6th	2 Lunch Detentions & Parent Notification
7th	3 Lunch Detentions & Parent Notification
8th(+)	Tardy Contract (If on a contract and tardy the student will be on a Student improvement plan)
