

WASATCH HIGH SCHOOL MATH

Mission: Ensure each and every student can excel in mathematics.

Vision: Wasatch High Students reach their math potential because of us!

Remember: All college degrees require at least one math class. If you choose not to take math as a Senior, you will have to take a placement test and may have to start math over at 1010 or below. This means more time and money!

Unsure of what you want to study in college? **Take the highest math class you can.** Higher math classes will count in place of lower ones.
