To the Board of Education,

I am writing to express my interest in joining the Wasatch County School Board. As an active member of our community, I will bring the skills and knowledge that will be well utilized on this board. I am a registered voter, I live within the boundaries of this position, and I do not work for the school board.

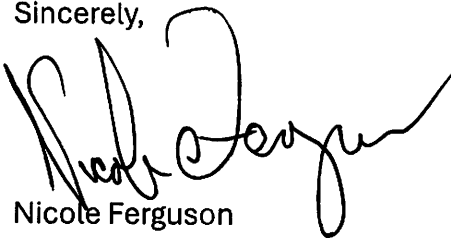

Born and raised in Wasatch County, I have a deep love for our community. I am a graduate of Wasatch High School and now have four boys in our school system. Education and teachers are the highest priorities for me. We are raising the next generation of leaders, and we need to make decisions that ensure they are ready for that role.

Along with being a resident of Heber City, I am also a business owner on Main Street in Heber City. Staying involved and active in the community is very important to me. I have held positions on the Chamber of Commerce and CAMS boards. I believe that we must stay involved and active in our town to make a difference. I am passionate about seeing our community succeed in every area. Giving back is one of the ways we can contribute to the beautiful place we live in.

Supporting high quality teachers so our children get the best education is crucial to ensuring our children get the best there is. I believe in providing a safe and welcoming environment for every child in our valley.

I am excited to share my passion with this board and to serve my community in this way.

Sincerely,
