Additional notes *if needed*:

The Advanced Art class combines both Drawing and Painting, meaning students will be using a wider variety of materials throughout the course. This class requires both painting supplies (such as acrylics, brushes, and canvases) and drawing materials (such as specialty pencils, pastels, and charcoal).

Drawing class requires specific materials and processes. If a student is unable to pay the full class fee, they are welcome to reach out to me privately, and I will ensure they have access to used supplies so they can fully participate in class. My goal is to make sure every student has what they need to succeed, regardless of financial circumstances.
